

TheBattery Mobile X is just one example of Alfen's continuous efforts to develop cutting-edge solutions that enable its customers to embrace clean and sustainable power options. With its impressive capacity, ease of use, and sustainability benefits, TheBattery Mobile X is set to reshape the energy industry and empower organisations worldwide.

commissioned and tested in Alfen's production facilities. This guarantees minimal on-site impact and instant operation. With storage experience since 2011 and renowned leadership in ...

the power and energy you need for events, construction sites, EV charging hubs and many other locations. It is Alfen's 4th generation mobile battery energy storage system which is even more versatile and flexible than the previous generations and can provide up to 70% more energy within the same form factor.

Alfen's TheBattery Mobile is an innovative and reliable multi-functional mobile energy storage system. Based on more than 5 years of experience and product maturation, TheBattery Mobile X is Alfen's latest and best solution capable of reliably providing the power and energy you need for events, construction sites, EV charging hubs and many ...

Alfen, a Netherlands-based provider of electric vehicle (EV) charging, smart grid and energy storage solutions has reported a 526% increase in half-year revenues for its ...

As it has been a whole decade since we began integrating energy storage solutions, we thought we would take the opportunity to champion our success by sharing with you 10 ways in which Alfen's TheBattery is currently providing value to our customers.

Alfen, a Netherlands-based provider of electric vehicle (EV) charging, smart grid and energy storage solutions has reported a 526% increase in half-year revenues for its storage segment. The Euronext Amsterdam exchange-listed company announced its interim consolidated financial statements for the first half of 2023 (H1 2023) this morning.

TheBattery Connect is Alfen Connect's module used as an energy management system for Alfen's energy storage solution, TheBattery. Clients are given access to TheBattery, wireless and via their own IT systems, for all storage applications: trade, frequency control, peak shaving and autonomous grids.

TheBattery Mobile X is just one example of Alfen's continuous efforts to develop cutting-edge solutions that enable its customers to embrace clean and sustainable power options. With its impressive capacity, ease of use, and ...
