

Antai photovoltaic bracket dealer address

Who is Antai technology?

Company profile for Mounting System, Tracker, PV Ground Lug, Roof Attachments, Mounting Rails, Module Clamps, Ground Screws manufacturer ANTAI Technology Co., Ltd - showing the company's contact details and products manufactured.

Is antaisolar a leading solar tracker manufacturer in India?

In S&P Global's Solar Tracker Market Report 2023, Antaisolar secured the 12th position in global solar tracker shipments and ranks 4th in India, solidifying its status as a leading global PV tracking system manufacturer.

Where does antaisolar rank in solar tracker market?

S&P Global has published the Solar Tracker Market Report 2024, revealing that Antaisolar secured the 12th position in global solar tracker shipments for 2023, ranks 8th in single-axis distributed PV tracker market, and holds TOP 10 positions in regional markets including Asia-Pacific, South America, Spain, and India.

Why should you choose antaisolar Tai series tracking systems?

Antaisolar TAI series tracking systems also excel in challenging terrains and weather conditions, ensuring reliable and optimized revenue. The series' adaptability and reliability make it a preferred choice globally, particularly as the availability of flat, favourable land decreases.

Where is antaisolar located?

With a global presence, Antaisolar set up branches, subsidiaries and offices in Shanghai, Australia, Japan, the United States, India, the Netherlands, Brazil, Singapore, Vietnam, the Philippines, Malaysia and many other countries and regions. And Antaisolar has six manufacturing bases in Fujian, Jiangsu, Tianjin, Indonesia, Brazil and India.

Antaisolar, expert in digital intelligent PV mounting system solutions, headquartered in Xiamen, China. Established in 2006, Antaisolar has nearly 800 employees, including over 120 dedicated technical specialists, providing ...

The Rail-Free ballasted flat mounting system is our newly developed product for your choice, a south-oriented racking solution for mounting framed modules on flat roofs with 5°; 10°; mounting tilts.

Designed and certificated according to Australian standards, this ground mounting solution is standardized to fit 18 solar panels with sizes up to 2300 x 1200mm.
