

Aotai Photovoltaic Inverter Password

What is aep-5 ks48 series solar inverter?

SYMBOLS EXPLANATION 01 INTRODUCTION AEP-5 KS48 series, also called hybrid or bidirectional solar inverters, apply to solar system with participation of PV, battery, loads and grid system for energy management.

How do I Reset my inverter password?

Reset the password within 10 minutes. (If no operation is performed within 10 minutes, all parameters of the inverter remain unchanged.) Wait until indicator blinks green slowly. Connect to the app using the initial WLAN hotspot name (SSID) and initial password (PSW), which can be obtained from the label on the side of the inverter.

How do I protect my inverter?

The package/product must be protected from excessive humidity and must be stored under cover. Inverter will be touchable or operable after minimum 5 minutes of being turned off or totally disconnected, in case of any electrical shock or injury.

Connect to the app using the initial WLAN hotspot name (SSID) and initial password (PSW), which can be obtained from the label on the side of the inverter. On the login screen, set a ...
