

Aura power developments Dominican Republic

Who is Aura power?

Aura Power is a leading global developer of renewable and low-carbon energy projects with projects across Europe and North America. Our development pipeline includes utility-scale solar photovoltaic generation and battery storage projects. Aura Power is supporting Canada's transition to low-carbon generation.

What is Ura power's development pipeline?

Our development pipeline includes utility-scale solar photovoltaic generation and battery storage projects. Aura Power is supporting Canada's transition to low-carbon generation. We are focused on developing a portfolio of around 380MWp of solar photovoltaic (PV) parks across Southern Alberta.

Where is Ura power based?

Our Portugal Project Management Office (PMO) is based in Braga. Aura Power is focused on developing a portfolio of around 1GWp of solar photovoltaic (PV) parks across Portugal. Our specialist development team successfully secured 168MW of grid capacity at auctions in July 2019.

AURA BOULEVARD Exclusive investment project in Punta Cana Live an unparalleled luxury experience in this paradisiacal destination. Turn your dreams into reality with our unique project! Starting at: \$105,000 In construction Apartments Punta Cana 1-2 Bedrooms From 121.7 sqft To 229.6 sqft Furnished Reserve with \$2,000.00 AURA BOULEVARD ...

Developer Aura Power has secured planning permission for 190MW of battery energy storage projects across two sites. The 100MW Blaydon project at Newburn Bridge Road has been approved by Gateshead Council. It will sit on brownfield land, on an industrial estate, and the battery asset will be connected into Northern Powergrid's substation nearby.
