

Who is Avia solar?

UNIMOT has more than 30 years of experience in the market. At AVIA Solar, we combine extensive market experience with innovative technological solutions. The power capacity of our manufacturing line is now 45 MW per year.

What makes Avia solar different?

At AVIA Solar, we combine extensive market experience with innovative technological solutions. The power capacity of our manufacturing line is now 45 MW per year. The interest in photovoltaic panels manufactured in Europe made us decide to increase manufacturing capacity in less than a year of operation.

How many Avia gas stations are there in Poland?

In 2016, the UNIMOT Group joined the AVIA International association and now manages a network of more than 100 AVIA gas stations in Poland. UNIMOT has more than 30 years of experience in the market. At AVIA Solar, we combine extensive market experience with innovative technological solutions.

Who can benefit from a new off-grid solar scheme in Benin?

Households, smallholders and entrepreneurs in remote locations across Benin will be able to access reliable and cheap electricity for the first time under a new off-grid solar scheme agreed between leading solar energy company ENGIE Energy Access and the European Investment Bank, one of the world's largest financiers of renewable energy.

What does Avia do?

The company also develops the photovoltaic segment and invests in additional sectors of renewable energy sources (RES). In 2016, the UNIMOT Group joined the AVIA International association and now manages a network of more than 100 AVIA gas stations in Poland.

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.

Z energia w przyszłość. | At AVIA Solar, we combine extensive market experience with innovative technological solutions, delivering high quality photovoltaic solutions. We are a part of UNIMOT.
