

Ukraine's energy system has been targeted since Russia launched its full-scale invasion of the country in February 2022. These attacks on key infrastructure have recently increased and intensified, posing a huge threat to reliable access to power, heating and communications services across Ukraine this winter.

Their innovative financial solutions and unwavering commitment to environmental sustainability have provided us with the tools needed to lead in the renewable energy sector. Avior Empresas is not just an investor; they are true partners who share our vision for a sustainable future.

The global economy has faced many setbacks this year due to inflation, the war in Ukraine, China's zero-Covid policy, and many other factors. Unlike the U.S. which largely rebounded from the pandemic, many countries have faced a tougher road to recovery.
