

What is Bahrain's energy strategy?

The Strategy is rooted in the twin objectives of decarbonising Bahrain's economy while ensuring reliable and affordable access to the energy the Kingdom needs to sustain and, indeed, accelerate its growth. It is one of 6 priority sector strategies that stem from the Kingdom's forward-looking Economic Recovery Plan.

How does the Kingdom of Bahrain reduce emissions?

The Kingdom of Bahrain strives to avoid and reduce emissions in its economic development. As per Article 4.7 of the Paris Agreement, at the core of this NDC is mitigation co-benefits resulting from adaptation actions and economic diversification plans.

How will Bahrain respond to the NDCS?

Bahrain will periodically review the mitigation and adaptation measures mentioned in the NDCs to ensure that efforts are implemented. Bahrain will have a specific monitoring and evaluation plan for the adaptation, for monitoring and reviewing and verification of projects and policies.

Why should companies disclose ESG information in Bahrain?

Companies in Bahrain will have to disclose Environmental, Social, and Governance (ESG) information, and are expected to create shared value and inclusive growth, to assess their impacts on capitals and resources, and to contribute to national, regional and global visions and plans.

Why is Bahrain a good place to invest in clean technology?

Bahrain sees economic opportunity in its plan: Bahrain's size, strategic location, favorable regulatory environment, and agile government, make it uniquely positioned to serve as a regional hub for the development and testing of innovative clean technologies.

Why is the Kingdom of Bahrain pursuing economic diversification?

As a developing country, the Kingdom of Bahrain is actively pursuing economic diversification considering sustainability as the pillar of its growth. Despite its low annual GHG footprint, estimated approximately below 0.1% of the global GHG footprint, the Kingdom of Bahrain strives to avoid and reduce emissions in its economic development.
