The victims, all of whom were aged 19 and from the municipality of Posusje, organized a private New Year's

Eve celebrations at a cottage in the village of Tribistovo. They gathered at the foot of Mt. Radovan near Blidinje Nature Park, where they met up with a larger group of friends. Family and friends kept in touch with the victims until around 04:00 CET, when they ceased to respond to further calls and messages. Around that time, the eight victims separated from the re...

Unnamed sources from the Government of the Federation of Bosnia and Herzegovina said the construction of unit 7 in thermal power plant Tuzla most probably won't proceed as General Electric decided not to supply the equipment.

Due to a lack of electricity, they used a power generator for internal heating. The generator was situated in an adjacent room separated by a window which was left open by one of the victims before falling asleep. [7] Around 10:00 CET, occupants and residents of nearby homes noticed that nobody had yet left the cottage.
