

Where is a solar power station located in Burundi?

The power station is located in the settlement of Mubuga, in the Gitega Province of Burundi, approximately 15.2 kilometres (9 mi), northeast of the city of Gitega, the political capital of that country. This power station is the first grid-connected solar project developed by an IPP in Burundi.

What is the solar PV project in Burundi?

The solar PV project in Burundi is a 7.5 MW plant located in Mubuga. Interconnection is expected in Q3 2020, which will increase Burundi's installed electricity capacity by 14%.

How many people were hired to operate Burundi's solar power station?

Another estimated 25-50 people were hired to operate the power station. In May 2023, Evariste Ndayishimiye, the president of Burundi toured the solar farm and personally gave his approval for the power station's capacity to be expanded to 15 megawatts.

Who toured Burundi's solar farm in May 2023?

In May 2023, Evariste Ndayishimiye, the president of Burundi toured the solar farm and personally gave his approval for the power station's capacity to be expanded to 15 megawatts. ^a b c d e Jean Marie Takouleu (26 October 2021).

What is Gigawatt Global Burundi's Power Purchase Agreement (PPA)?

A 25-year power purchase agreement (PPA) governs the sale of electricity between Gigawatt Global Burundi SA and REGIDESO. The engineering, procurement and construction (EPC) contractor was Voltalia of France, which was also awarded the operations, management and maintenance contract.

Burundi is positioned to lead the region in solar energy development thanks to its abundant sunshine and untapped solar potential; the nation currently has roughly 17 MW of installed solar PV capacity.

7.5 MW field result of multinational effort already provides more than 10% of nation's electric generation capacity; more to be developed Gitega/Mubuga, Burundi - 9 May 2023: President Ndayishimiye of Burundi today visited Gigawatt Global's solar power plant in Mubuga, Burundi, near the capital Gitega, the nation's first utility-scale ...
