

Can the living room locker be used to store clothes

What is a locker and why is it needed?

A locker is a storage unit that lends a retro touch to your space and has plenty of room for clothing storage and other necessities. The best part about lockers is that you can secure your belongings and keep your folded clothing in place. This can be quite useful, especially for those with children.

How can I store clothes in a small bedroom?

In small bedrooms, consider using shelves as alternatives to dressers for storing clothes. These options are ideal when a dresser would be too large. Shelving above the bed can serve as both a clothes storage solution and a lovely focus piece in your bedroom.

What is the difference between a dresser and a locker?

Lockers are stylish furniture pieces that come with a heavy dose of nostalgia and lots of charm. You can have your very own locker in your bedroom to store all of your clothes in. Compared to dressers, lockers take up less floor space and may even come with enough vertical space to hang more delicate items.

Can you store clothes in a house?

When space is at a premium, no room in the house is off-limits for adjunct clothes storage. Just be sure to keep clothing organized and tidy so that it looks intentional, like this home office from Fantastic Frank.

Can you store clothes without a dresser?

If you're transforming your bedroom into a stylish and minimalist refuge, consider swapping out your old dresser for a new clothes storage system. While dressers are functional, they can sometimes be eyesores, but it's entirely possible to store clothes without a dresser (or closet).

Should drawers be your main clothes storage opportunity?

'When planning drawers as your main clothes storage opportunity, the priorities are similar to that of wardrobe storage - essentially you want to make the most of the available space and store items so they're accessible, not crunched up,' says Megan Baker, Head of Design, My Fitted Bedroom. 5. Illuminate interiors
