Mentions of Costa Rica often conjures up images of cloud forests, pristine jungle, and gorgeous beaches. And it's true that the country prides itself on its ecotourism and nature reserves. But in contrast to its eco-groovy image and pura vida vibe

As the first demonstration project of BESS in Costa Rica, it aims to replace traditional electric power with renewable energy and establish a clean, low-carbon, safe and efficient modern energy system.

Through the BESS Consortium, these first-mover countries are part of a collaborative effort to secure 5 gigawatts (GW) of BESS commitments by the end of 2024. In order to achieve the estimated 400 GW of renewable energy needed to alleviate energy poverty by 2030 and save a gigaton of CO₂, 90 GW of storage capacity must be developed.

El Biosure es un preservante cosmético, soluble en agua, biodegradable, delicado con la piel, eficaz contra microorganismos patógenos. Hacemos entregas en toda Costa Rica Presentación: 30 ml, envase gotero
