energy goals.

CPower Energy provides package services in the Construction and O& M phases of Onshore and Offshore Wind farms by applying an integrated approach of in-house expertise and collaboration with partners.

CPower's focus in this sector has been, and always will be, personalised support. Still a core part of our business, we used this as a springboard to branch out into other unique turnkey solutions, such as temporary power supply, cable pulling, wind turbine generator (WTG) repair services and much more.
