This June, Evero's "Wasted Potential" Diversity Equity and Inclusivity (DE& I) group, hosted their first event. Taking place at Energy Works Hull, and coinciding with International Women in Engineering Day (INWED), the gathering was held for local students from the University of Hull.

Evero mothballs Hull waste-gasification plant as sale considered. Gasification-equipped facility has struggled to process waste at the volume needed to make it economically viable and it has stopped operating, EWB can report

Organised by Energy Work's Hull's Graduate Process Engineer, Areeba Ajaz, the event was the first of many more "Wasted Potential" events to come!

The facility will be used to generate electricity using a combination of innovative renewable energy technologies to achieve a highly efficient mix of recycling and energy conversion processes and is located on a 7.5 acre industrial site in Hull, England
