Austrian engineering firm INNIO is set to acquire Northeast-Western Energy Systems (NES-WES) from Penn Power Group. This strategic move aims to boost INNIO's presence in the US and enhance its offerings in ...

Northeast-Western Energy Systems ("NES-WES") provides onsite power systems with over 20 years of experience developing, installing, and maintaining best-in-class combined heat & ...

The Asset Performance Management Center is capable of proactively monitoring, reporting, and viewing the analytics of our entire Jenbacher fleet for Northeast-Western Energy Systems ...

Northeast-Western Energy Systems ("NES-WES") provides reliable, best in class electrical-thermal efficiencies, and low emission CHP and DG solutions from 300 kW through 10 MW. ...

We have strong in-house capabilities to design, integrate, build, operate and maintain small to large, distributed energy systems, microgrids, balance of plant systems for continuous duty,...

Northeast-Western Energy Systems USA, LLC ("NES-WES") offers fully integrated Combined Heat and Power ("CHP") and Distributed Generation ("DG") power solutions through 10MW power blocks. Our Jenbacher CHP and DG systems deliver exceptional electrical and thermal efficiency with industry-leading emissions performance.

INNIO Group to acquire Northeast-Western Energy Systems (NES-WES) - largest distributor for Jenbacher solutions in the U.S. o The acquisition is another milestone in ...

INNIO Group to acquire Northeast-Western Energy Systems (NES-WES) - largest distributor for Jenbacher solutions in the U.S. o The acquisition is another milestone in INNIO's growth strategy and further strengthens INNIO's market position in the U.S.

We have strong in-house capabilities to design, integrate, build, operate and maintain small to large, distributed energy systems, microgrids, balance of plant systems for ...
