

Ease storage Timor-Leste

What types of goods can I store in Timor-Leste?

Once approved by customs, you will be able to store any types of goods within your storage facility, including full container loads and partial container loads. With power outages commonplace in Timor-Leste, ensuring that your goods do not spoil while they await clearance in a port is always challenging.

How do commercial goods arrive in Timor-Leste?

When commercial goods enter Timor-Leste, they do so by air or by sea, or via a land border. When the goods arrive, they are initially considered to be in "temporary storage." Following arrival, there is a legal requirement for the goods to be placed under a "customs treatment" within a specified time frame.

How long does it take to get a temporary storage facility?

Arrival by air or land: 20 business days. These types of facilities are not only reserved for government control; you can also apply to operate a temporary storage facility, however; you must have several strict requirements to obtain the relevant license from the Customs Authority. Once approved, you will be designated as a "warehouse operator."
