HRESYS proporciona un servicio posventa integral para la batería de litio de alta calidad de 48 V y 200 Ah. Esto incluye una garantía estándar, una línea directa de soporte técnico, recursos de solución de problemas en línea y servicio al ...

With large manufacturing capacity and self-developed IOT based Battery Management System (BMS) and Energy Management System (EMS) technologies for both Lead Acid Battery System and Lithium Ion Battery System, HRESYS is playing a significant role in integrating the whole battery industrial chain vertically.

High-Quality residential battery energy storage system using advanced LiFePO4 technology for efficient, reliable, and safe energy storage solutions.

HRESYS Manufacturer household energy storage battery system offers reliable, high-efficiency solutions for residential energy storage needs with advanced lithium-ion technology.

HRESYS cuenta con soluciones confiables e inteligentes para sistemas de energía y almacenamiento de energía, siendo sus principales productos baterías de iones de litio y plomo ácido y centrales eléctricas portátiles.
