What is eikto lithium battery?

EIKTO lithium battery improves the distribution business of the material handling equipment, including forklift, cleaning machine, aerial platform, golf cart, etc. Compared with traditional lead-acid batteries, lithium batteries have faster charging speed, longer service life, and provide more available energy for each discharge.

What makes eikto a good battery?

The EIKTO MS series uses a unique blend of lithium ions, making it the most compact, durable, and powerful battery on the market. EIKTO has been committed to improving energy efficiency and the environment for years. Our self-developed battery cell and the patented structure gave us a competitive advantage over other battery manufacturers.

Why should you choose eikto lithium batteries?

Lithium batteries offer the following safety benefits to provide customers with reliable energy solutions: EIKTO lithium batteries have built-in protection circuits to prevent unsafe conditions such as overcharge, over-discharge, and overheating. These protection mechanisms ensure the safe performance of the battery during everyday use and charging.
