

Energy centric co ltd Sweden

Is Centrica acquiring 'ready to build' battery energy storage projects in Sweden?

Centrica has entered into an agreement to acquire up to nine 'ready to build' battery energy storage projects (BESS) in Sweden with a total capacity of over 100MW from Fu-Gen AG, the Swiss based renewables developer and independent power producer.

Who is Centrica Energy?

Centrica Energy is a renewable energy trading company operating out of eight offices across all time zones to move energy from source to use. Our mission is to drive the green transition while offering sustainable and predictable energy costs for energy producers, suppliers and offtakers. In short, we call ourselves energy movers by nature.

How does Centrica power optimisation work?

Ulrika Wising, managing director of Centrica Power With strong optimisation capability within Centrica, battery output can be adapted in real-time delivering cost-effective energy storage that maximises the utilisation of green electricity available to the grid, whilst securing stable return-on-investment.

Contact Energy Centric Co., Ltd. today and experience the difference of custom-designed, long-lasting air-cooled heat exchangers built to deliver exceptional performance for a lifetime.

Fu-Gen AG, the Swiss based renewables developer and independent power producer (IPP) has entered into an agreement with Centrica, a global leader in energy and services for the sale of nine ready-to-build Battery Energy Storage System (BESS) projects in Sweden of over 100 MW.
