The thrill of sailing and the freedom it provides by harnessing the wind is unmatched by any other experience. And with Battle Born lithium sailboat batteries, it's time to harness the energy of the sun too! Our lithium sailboat batteries provide two to three times more power in the same space and weigh only 1/5th the weight of lead-acid ...

I am a total newbie to solar + battery and have this kit from Battle Born. However, this is not a self-contained kit and requires additional wires as well as an inverter to use AC power. What sort of additional equipment would I need to get this running and, more importantly, where would I go to find out such information on my own in the future?
