

What are the French Southern and Antarctic Lands (TAAF)?

The French Southern and Antarctic Lands (TAAF) are at the heart of these ambitions. Made up of five districts - the Crozet archipelago, the Kerguelen Islands, Saint-Paul and Amsterdam, the   parses Islands and Ad  lie Land - these territories are nevertheless one of the ultra-marine collectivities that are least well known to the general public.

What is the French Southern Territories?

The territory is sometimes referred to as the French Southern Lands (French: Terres australes fran  aises) or the French Southern Territories, usually to emphasize non-recognition of French sovereignty over Ad  lie Land as part of the Antarctic Treaty System. The entire territory has no known permanently settled inhabitants.

Why are the French Southern & Antarctic Lands subject to an original form of governance?

These characteristics explain why these territories are subject to an original form of governance. The French Southern and Antarctic Lands include uninhabited territories in the Indian and Southern Oceans. Image: TAAF

How much solar power does France have in 2022?

Solar power in France including overseas territories reached an installed capacity figure of 11.2 GW in 2020, and rose further to 17.1 GW at the end of 2022. Government plans announced in 2022 foresee solar PV capacity in France rising to 100 GW by 2050.

Does France have territorial sovereignty over the   parses Islands?

Although France's claim to the three austral lands (Kerguelen, Saint-Paul and Amsterdam and Crozet) is no longer contested, it is facing two major challenges to its claim to territorial sovereignty over the   parses islands.

What is a 'territory' in French energy policy?

The notion of 'territory' has only very recently attracted interest in the French energy policy arena, as attested by the 2014 National Debate about the energy transition and the July 2014 draft law on it. 1 'Territory', 'local' or 'collectivity' here signify a realm that has a variable perimeter.

The French Southern and Antarctic Lands (TAAF) are at the heart of these ambitions.
