Who is Green Lantern solar?

Founded in 2011 on the principles of teamwork and trust, Green Lantern Solar is committed to delivering a clean energy future. We provide sustainable energy access to businesses, educational institutions, towns and municipalities throughout the U.S.

Why should you choose Green Lantern solar?

At Green Lantern Solar, we help communities preserve their land while generating sustainable energy locally. We ensure our solar installations are set back from roads, minimize construction waste and help farmers generate additional revenue to keep their farms in operation.

What does Green Lantern do?

Green Lantern works with landowners to revitalize and re-develop low-value sites such as brownfields, landfills, quarries/pits/extraction sites and other challenging real estate. For more information, visit on LinkedIn and @GrnLntrnSolar on X (Twitter).
