

What is Liebert gxt3-10000t230?

The Liebert GXT3-10000T230 is a compact, on-line UPS. An on-line UPS continuously conditions and regulates its output voltage whether utility power is present or not. It supplies connected equipment with clean sinewave power. Sensitive electronic equipment operates best from sinewave power.

What is Liebert gxt3 t230?

This true on-line double conversion UPS system is available in two different 10000 VA versions featuring an integrated maintenance bypass, as well as optional extended battery back up time. Liebert GXT3 T230 is the standard version free of integrated isolation transformer which can be configured as either 1/1 or 3/1, providing increased flexibility.

What is a Liebert gxt3 rack/tower?

The Liebert GXT3 is designed to supply microcomputers and other sensitive electronic equipment with clean sine wave input power, 700VA to 3000VA at 230V. Appearance and Components 1.3.1 Appearance The Liebert GXT3 rack/tower models in various power ratings have the same general appearance, controls and features (see Figure 1).

What is Liebert gxt3 uninterruptible power system (UPS)?

Congratulations on your choice of the Liebert GXT3 uninterruptible power system (UPS). The Liebert GXT3 comes in nominal power ratings of 5000VA, 6000VA and 10,000VA. It is designed to provide conditioned power to microcomputers and other sensitive electronic equipment. When it is generated, alternating current is clean and stable.

How many gxt3-10000t230 battery extensions can I connect?

Do not connect more than two Liebert® GXT3-240TBATTCE™ battery extensions to the Liebert GXT3-10000T230™. The vents for air intake and outlet at the front and rear side must not be obstructed. The sum of the leakage currents (protective conductor current) of the UPS and the connected devices exceeds 3.5 mA.

How do I connect the Liebert gxt3-10000t230 to the mains?

1. With the Liebert GXT3-10000T230 connected to the mains, press the Menu button, select Control and press OK. The Liebert power protection customer service centre is fully equipped to deal with such batteries, in accordance with the law and with the greatest respect for the environment.

The Liebert GXT3 is a compact, online uninterruptible power system (UPS) that continuously conditions and regulates its output voltage. The Liebert GXT3 is designed to supply ...

LIEBERT® GXT3 10000 VA T MODEL Reliable On-Line Protection In A Compact Tower Package

Liebert GXT3 T230 is the standard version free of integrated isolation ...

Liebert GXT3 ofrece distintas opciones de comunicación, con unas prestaciones flexibles de supervisión y control. El funcionamiento se puede supervisar mediante: y La tarjeta de red Vertiv(TM) IntelliSlot(TM), que permite la supervisión y el control del UPS a través de SNMP e Internet y El sistema de supervisión Vertiv(TM) Nform

The Liebert GXT3-10000T230 is a Radio Interference Class A Product. The UPS device may cause radio interference. Do not place it near devices that are particularly susceptible to ...
