

Kaiteur News-President of ExxonMobil Upstream Company and Vice President of Exxon Mobil Corporation, Liam Mallon has described Guyana's Production Sharing Agreement (PSA) with the company as "very fair". During an interview this week with Hart Energy, Mallon who is expected to resign with effect from February 1, 2025, gave an overview of the massive ...

Unter der Leitung der Brüder Dominik und Alexander Hartl wird eine mehr als 85-jährige Unternehmensgeschichte der Familie Hartl nun in eine neue Epoche geführt, in der die Erfahrungen aus der Baubranche mit der Expertise im Bereich der erneuerbaren Energien verbunden werden.

With more than 85 years of history, Dominik and Alexander Hartl are now leading the company into a new era, in which experience of the construction industry is combined with expertise in ...

Guyana's impressive growth story has attracted the attention of government and companies alike. Chevron's \$53 billion all-stock offer for Hess is as much about Guyana as much as it is about Chevron adding assets in the GoM, offshore Southeast Asia ...

Little known U.S.-based company Fulcrum LNG has been selected by the government of Guyana to move a project to develop the country's offshore gas forward. Guyana, Latin America's newest oil producer, started producing oil offshore in late 2019.

The latest version, the POWERCON 80 from HARTL ENERGY, also scores with a very favorable price-performance ratio, which represents an attractive ROI. For further information visit: ...
