

How much are solar systems Luxembourg

Does Luxembourg pay for solar panels?

In Luxembourg, many financial incentives offer to reimburse the cost of installing solar panels. What's more, you can opt to consume the energy produced by your panels yourself, and thus reduce your energy bill. How do you install panels on your roof? How does the installation work? What assistance is available in Luxembourg?

Where to install solar panels in Luxembourg?

Ideally, choose a company "Made in Luxembourg" and approved by the Klima agency to install your solar panels. We work with the most serious and reputable companies in Luxembourg for the installation of solar panels. If you would like a quote for your project, request a free quote.

How can Luxembourg encourage the adoption of solar energy?

To encourage the adoption of solar energy, the Luxembourg government has set up a range of grants and subsidies that make the installation of solar panels even more attractive. The programme Klimabonus offers to reimburse up to 62.5% of the cost of the photovoltaic installation for self-consumption contracts.

How much does a kilowatt-peak solar panel cost?

*The kilowatt-peak (or kWp) is the unit of measurement used to assess the power attained by a solar panel when exposed to maximum solar radiation. For example, a 7 kWp installation would cost between EUR 10,000 and EUR 14,000 to install. In this case, the PRIME House subsidy would amount to EUR 1,750 in the low range and EUR 2,300 in the high range.

How does resale work in Luxembourg?

However, given the attractive feed-in tariffs, resale, i.e. injecting the electricity into the grid, is currently the solution most customers opt for. For example, for an installation of up to 10 kWp completed in 2022, the Luxembourg government will buy back your electricity at the same rate for 15 years, i.e. 0.1506 per kW/h.

Can a bank grant a climate bond in Luxembourg?

Please note that some banks in Luxembourg grant climate bonds to encourage the energy renovation of residential buildings older than 10 years. This can be used to pre-finance work at low or zero interest rates.
