

# How to earn income from photovoltaic panels

Can you make money from solar panels?

Make money from solar panels. Solar energy is a great way to power your home and save on energy bills. You can not only save, but you can earn money too, via the Smart Export Guarantee (SEG). Solar panels work by collecting energy from the sun, which is then converted into usable electricity.

How can a home owner make money from selling solar energy?

Earn money: Homeowners can earn money by selling back electricity to the grid in the UK through programs like the Smart Export Guarantee (SEG). Reduced carbon emissions: Selling excess solar energy back to the grid can help reduce the need for fossil fuels and decrease carbon emissions.

How do solar panels save money?

You can not only save, but you can earn money too, via the Smart Export Guarantee (SEG). Solar panels work by collecting energy from the sun, which is then converted into usable electricity. The use of solar power can help to reduce your reliance on grid electricity, which in turn, reduces your energy bills and saves you money over time.

Are solar panels a good investment?

Installing solar panels at your home or business premises can reduce your carbon footprint and earn you money. Not only do solar PV systems cut your energy bills, they can also actually bring in profit through the government's incentive schemes. We use smart data so you can compare energy prices in less than a minute.

How much can you earn from solar panels?

Depending on how much you're able to export, those rates could make a substantial difference to how much you could earn. A household with a fairly typical solar panel set-up\* could earn £69 more a year (£84 vs £15) with the highest-paying tariff rather than the lowest-paying. The STA maintains a list of SEG tariffs [here](#).

How much money can you make selling solar?

There is potential to earn between £80 - £165 yearly, if you choose to sell solar back to the grid. However, this amount can vary greatly depending on the size of your system and the tariffs offered by energy suppliers.
