

Who is Axpo Holding AG?

Axpo Holding AG was founded in 2001 with headquarters in Baden. The Axpo Group comprises Axpo Holding AG and its subsidiaries. The Generation & Distribution business area operates the power plant park (nuclear energy, hydropower, gas, new energies) as well as the Axpo distribution grids.

Where does Axpo invest?

Abroad, Axpo focuses on solar and wind energy and invests in technically and economically suitable locations. Our wind farm portfolio includes plants in France, Spain, Italy and Northern Europe. Axpo also holds an interest in the Global Tech I offshore wind farm in the German North Sea.

What makes Axpo unique?

Using cutting-edge technologies, Axpo innovates to meet the evolving needs of its customers in over 30 countries across Europe, North America and Asia. Together with its partners, Axpo operates over 100 power plants. Our climate-friendly Swiss electricity mix consists of hydropower, biomass and nuclear energy and features very low CO2 emissions.

Does Axpo own a wind farm?

Axpo also holds an interest in the Global Tech I offshore wind farm in the German North Sea. Since the summer of 2015, Volkswind GmbH also belongs to Axpo as a 100% subsidiary. Since then, Axpo has contributed its expertise to the planning, project planning and construction of wind farms.
