hytech power inc. (hpi) ??????????????, ?????????????????????? ?????????????????????? ...

HYTECH POWER INC. (HPI) focuses on fuel cell system technology and product development, including fuel cell stack, module and system design, development, manufacturing and services. As well as providing customers with clean energy solutions.

HyTech's offer to that market is pretty remarkable: it claims that its ICA can improve the fuel efficiency of a diesel engine between 20 and 30 percent, reduce particulate matter by 85 percent...

The company stands ready to aid this expansion, particularly as hydrogen emerges as a key player in both stationary and transportation energy sectors, capable of generating power with near-zero greenhouse gas emissions and producing only water vapor and warm air as byproducts.

Hytech Power. FUEL A CLEANER FUTURE We believe all energy must be clean, efficient and renewable. This has driven us since our inception. We have now developed an economical pathway to achieving this long-term goal. Our hydrogen-based proprietary technology answers transportation problems related to emissions, fuel efficiency and environmental ...
