Discover our wide range of industrial monitor made in Spain. Designed for challenging industrial environments, our devices offer superior performance in terms of image quality, resolution and brightness, as well as durability in multiple formats and sizes.

Designed for industrial use, our monitors can be operated 24/7 without any problems. Our touch display systems can even be operated with gloves or when exposed to water or dirt. For use in particularly demanding environmental conditions, we also offer support with special sealing concepts or integration in IP enclosures.

UPDATED Summer 2023. For such a tiny island nation, there's a surprising amount of fun things to do in S£o Tom and Prñcipe. From canoeing down hidden mangrove rivers and exploring crumbling cocoa plantations, to tucking into remote beach picnics and snorkelling from boats in secluded bays, day trips on S£o Tom and Prñcipe are all about ...

The two islands of S£o Tom and Principe, along with a few associated rocky islets, are located in the Gulf of Guinea on the southern coast of West Africa. The main islands are a mix of flat and mountainous areas of seemingly dormant volcanoes. S£o Tom Peak is the highest point in the group, reaching a height of 2,024 metres (6,640 ft).

Sao Tome and Principe is highly aid-dependent but, given its size and insularity, has a limited donor presence. The World Bank, African Development Bank, European Commission, International Monetary Fund, and ...
