With a dynamic exhibition floor and robust conference program, Intersolar North America provides business-to-business professionals a platform to advance business, expand education, and drive networking.

The U.S. solar industry remains deeply influenced by evolving trade policies and ongoing litigation. With antidumping and countervailing duty cases against Vietnam, Cambodia, Thailand, and Malaysia set to conclude in early 2025--and with other pivotal trade cases like solar circumvention and Section 201 duties still in play--the landscape is rapidly shifting.
