Who is eikto battery?

We are committed to provide overall solutions for the world with new energy. Our research team in the R&D center consists of dozens of doctor and master. we hold 130 patents. We are the ... Read More China leading provider of Forklift Lithium Battery and Yacht Lithium Battery, EIKTO Battery Co., Ltd. is Yacht Lithium Battery factory.

Who is eikto?

EIKTO is a leading lithium battery innovator, we are specialized in Lithium-ion battery technology development and manufacturing, our integrated PACK is suitable for forklifts, marine, heavy trucks and battery energy storage system (BESS). We contribute to global low-carbon emissions, and to promote the development of the clean energy.

What is eikto lithium battery management system?

EIKTO lithium batteries are equipped with an intelligent battery management system that monitors the battery status in real-time, such as voltage, current, and temperature and takes action in abnormal situations, such as disconnecting the circuit or issuing an alarm to protect the battery and equipment.

Are eikto lithium batteries environmentally friendly?

EIKTO lithium batteries are made of environmentally friendly materials and do not contain harmful substances such as lead and mercury, which can reduce environmental pollution. In addition, lithium batteries have high recyclability, which helps reduce waste and resource waste.

What makes eikto a good battery?

The EIKTO MS series uses a unique blend of lithium ions, making it the most compact, durable, and powerful battery on the market. EIKTO has been committed to improving energy efficiency and the environment for years. Our self-developed battery cell and the patented structure gave us a competitive advantage over other battery manufacturers.
