Kiribati Green Energy Solution, a State-Owned Enterprise was established on 14 November 1984 under the Company Ordinance Cap 10A. It is a leading Government implementing agency in the energy sector deal with any renewable energy initiatives in Kiribati.

Does Kiribati's 25-year solar rollout go smoothly?

But the 25-year solar rollout in Kiribati hasn't always gone smoothly, according to officials and energy consultants.

Can Kiribati land on South Tarawa?

When a passenger jet approaches South Tarawa, Kiribati's most populous island, at the end of a three-hour flight from Fiji, one wonders where it can possibly land. That is because most of the island is only a few dozen metres wide -- barely enough room, it seems, for a landing strip.

Why is Kiribati a swath of ocean?

The vast swaths of ocean that separate Pacific Island states from each other, and from the nearest continents, coupled with a lack of fossil-fuel reserves and (for Kiribati and some of its neighbours) arable land for subsistence agriculture, make long boat trips and extensive imports of food, fuel and other essential goods a fact of life.

Founded in 2012, Hanwha Q CELLS company is known for its high-quality, high-efficiency solar cells and solar modules, and it offers a wide variety of photovoltaic products, applications and ...
