The off grid solar system kits generates electricity by converting the energy of the sun. It is a one-time investment and can be used for free for the next 25 years without consuming anything. We recommended Split phase"s ...

Look no further! Our solar power systems are the perfect solution for you. Just ask our satisfied customer from Trinidad and Tobago, who recently purchased a solar power system with lithium batteries from us. Thanks to our careful packaging in wooden crates, the system arrived in perfect condition.

Applications which we offer for Solar are grid tie, off grid, standby power (when utility fails). AMBA Energy Limited can design a system to suite your application. While Solar PV is readily available in Trinidad and Tobago, irradiated heat is also available in abundance.

The off grid solar system kits generates electricity by converting the energy of the sun. It is a one-time investment and can be used for free for the next 25 years without consuming anything. We recommended Split phase"s 5kw home solar lithium battery backup to David, he can use 110V and 220V loads at the same time.
