

This will be the first large-scale solar photovoltaic plant in Kosovo and will increase installed capacities tenfold from 10.1 MW to 110.1 MW. As a result, the share of solar power in the energy mix of Kosovo will increase from 0.2% to 2.3%. The plant is expected to produce around 152 GWh of electricity and save 152,000 tonnes of CO<sub>2</sub> annually.

The Ministry of Economy of Kosovo\* vowed to expedite the legal procedure for a solar power plant for which it would award a 15-year power purchase agreement, PPA, under its first competitive procedure in the sector.

Kosovo's power transmission system operator inked its third big deal in three months for the connection of planned renewable power plants to the grid. Dukagjini Solar intends to install two photovoltaic units of 96 MW of alternating current power each. The planned combined peak capacity is 250 MW.

This will be the first large-scale solar photovoltaic plant in Kosovo and will increase installed capacities tenfold from 10.1 MW to 110.1 MW. As a result, the share of solar power in the ...

The government of Kosovo has announced the names of six bidders that have made applications for a contract to construct a new 100MW solar plant in the country.

Kosovo has announced the winner of its first solar power tender, with a consortium led by Swiss construction group Orllati securing a 100-MW project with a bid of EUR 48.88 per MWh. The competition attracted six bidders, but only five participated in the e-auction, including companies from Turkey, France, and Egypt.

Unisolar L.L.C. is the exclusive representative of the company AE SOLAR GMBH, for photovoltaic panels in the Republic of Kosovo and Albania. This made us proud as a company, motivating us to achieving the highest possible successes in the field of renewable energy.
