What types of solar panels does Longi offer?

LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects. The Hi-MO 4 series uses gallium-doped silicon cells which improves the solar panels resistance to LID.

What's going on with LONGi Solar?

There is also news of a 1.1 GW central inverter procurement contract, a pending IPO for solar cell player Runergy, and a \$700 million-plus solar glass supply contract. Longi shipped more modules than anyone else in the first half of the year, according to PV InfoLink. Image: pv magazine/Dave Tacon

What is Longi technology?

LONGi technology refreshed three world efficiency records and leads the technological revolution of the industry again. The conversion efficiency of N-type TOPCON is 25.21%, P-type TOPCON is 25.02% and HJT technology is 26.30%. \*Tested by German Hamelin Solar Energy Research Institute (A world recognized Authoritative Institution)

What is Longi innovation?

LONGi innovation is continuously raising the bar, setting conversion efficiency world records, and staying on the leading edge of P-type TOPCON, N-type TOPCON, N-type HJT, P-type HJT and other solar technologies.

Why are Longi panels better than mono panels?

By treating their PERC cells to reduce light-induced degradation, Longi panels offer a better lifetime yield than standard mono panels. Midsummer are proud to be an Authorised Distributor of Longi products for Europe.

What does Longi do?

The LONGi team is committed to providing innovative products and solutions that help make the world a healthier, safer and more sustainable place. We value our role in the global business community and honor our obligation to pursue the highest standards of environmental, social and corporate governance.

LONGi is more than a product supplier, offering project consultation, design, installation, procurement, commissioning, operation and maintenance, and financing expertise. [Learn More](#)

by Chris Yelland, EE Business Intelligence. LONGi Solar, said to be the world's largest solar photovoltaic (PV) technology company, is partnering with Durban-based solar PV panel manufacturer, ARTsolar, to ...

It is manufactured by Longi, one of the top solar panel manufacturers in China. The panel comes with a 12-year product warranty and a 25-year linear power output warranty, ensuring that the ...

# Longi photovoltaic panel procurement channels

Photovoltaic panels 560W - Longi Hi-MO 5m LR5-72HPH 540-560M The Longi Hi-MO 5m LR5-72HPH 540-560M photovoltaic panels are an efficient and reliable solution for solar energy ...

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has ...

Hi-MO X10 takes over the core technology of HPBC 2.0 cells, leading in power generation performance, reliability, and customer benefits, which can better meet the needs of distributed ...

JA Solar's JAM60S20 solar panel is quite similar to Longi HiMo4. Both panels offer a 12-year product warranty and a 25-year performance warranty and the same efficiency ...

LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products. Solutions Utility-Scale Solar Power Plants

Vietnam - In September 2024, a solar PV system using LONGi solar panels installed four years ago at the Aeon Mall in Hai Phong province remained intact and fully operational in the ...

service department of the Supplier in writing or submit the notice via email through &quot;Contact LONGi&quot; button on the Supplier's global official website page (the website is ) ...

Photovoltaic panels 585W - Longi Hi-MO 6 Explorer LR5-72HTH 560-585M-V03 UT The Longi Hi-MO 6 Explorer LR5-72HTH 560-585M-V03 UT photovoltaic panel is a high-performance solar ...

October 23rd, 2024 - LONGi Green Energy Technology (Hereinafter referred to as LONGi) officially announced a new world record for crystalline silicon module efficiency. According to ...

We have launched the next-generation green power solution, combining solar PV + hydrogen production--a decarbonization solution for high energy-consuming industries and a climate ...

About PV CYCLE. PV CYCLE, based in Belgium, has been operational since 2007. It is the first non-profit organization specializing in the management of waste from ...

Discover the Longi Himo5 550W, a high-performance solar panel that combines cutting-edge technology, increased energy generation, and durability. With its bifacial design and advanced ...

Order individually or as part of a solar panel bundle. Longi 435W Full Black Solar Panels are ideal for domestic installations. Order individually or as part of a solar panel bundle. ... Longi Solar. ...
