Did Lightyears solar get funding from nzgif?

Lightyears Solar received funding from New Zealand Green Investment Finance (NZGIF). Lightyears Solar has recently completed the construction of its first solar farm in Waiuku, South Auckland, with a 2.4MW farm that is the largest agrivoltaic and tracked solar farm in New Zealand.

Does New Zealand have solar power?

Solar power in New Zealand is increasing in capacity, despite no government subsidies or interventions being available. As of the end of April 2024, New Zealand has 420 MW of grid-connected photovoltaic (PV) solar power installed, of which 146 MW (35%) was installed in the last 12 months.

What is the largest solar plant in Taranaki?

In June 2021, the Todd Corporation commissioned a 2.1 MW solar plant at Kapuni in south Taranaki. The facility includes 5800 solar panels and was claimed to be the largest grid-connected solar plant at the time.

Is going solar a good idea in New Zealand?

Going solar helps the environment - it creates clean, green energy and is a great way to reduce your carbon footprint. Going solar demonstrates your commitment to sustainability and will help New Zealand achieve its target of net zero greenhouse gas emissions by 2050. Is your property suitable for solar?

Investigate and research whether solar is right for your home/business - compare your power use with potential power solar panel output, use the SEANZ Solar Optimiser or Gen Less Solar power calculator.

In October 2022, Electricity Authority data showed 43,641 solar systems installed across New Zealand, adding up to 240 MW. This makes up an estimated contribution of under 1% of total electricity consumption. Globally, solar PV uptake has ...

Can solar work well in New Zealand? Aotearoa may be the land of the long white cloud, but there's more sunshine here than you might think! Most areas of New Zealand get more ...

Lightyears Solar has recently completed the construction of its first solar farm in Waiuku, South Auckland, with a 2.4MW farm that is the largest agrivoltaic and tracked solar farm in New...

Discover Solar Hub NZ, Fiji & Pacific - the largest solar sales organization dedicated to making solar energy more accessible for homes, businesses, and islands. We operate in New Zealand, Fiji & Pacific

Solagri's mission is to have a positive, disruptive influence on New Zealand's rural electricity market, giving farmers more control over their electricity costs. The grid energy, combined with ...
