

Malta powerplus energy life premium

Can I add additional batteries to my Life premium P series?

UPGRADING BATTERY CAPACITY It is possible to add additional batteries to an existing LiFe Premium P Series installation at a later date. If you are adding extra capacity, the battery must be of the same type, part number, and specification, unless advised by PowerPlus Energy.

Who is the best power system installer in Malta?

They have the best prices and quality in Malta. Clayton Debono the managing director helps you throughout the process. I recommend Power Plus for its professional work and service throughout all the processes of my family system. Very happy with the installation and their professional work. Well done to all the team.

What happens if a Powerplus energy battery is removed from service?

When a PowerPlus Energy battery is removed from service it can be returned to PowerPlus Energy for recycling. Due to the stability and longevity of LFP cylindrical cells, returned batteries will be refurbished and checked so they can be re-purposed for low power applications and made available for community, education and charity projects.

Who is Powerplus energy storage?

As an Australian renewable energy storage company, PowerPlus pride themselves on promoting Australian manufacturing. They design, engineer, and manufacture their energy storage solutions in Melbourne, ensuring the highest possible quality for their customers.

What is the lead time for Powerplus energy?
