

New Energy Storage Project Wins the Award

What is the energy storage-as-transmission Award?

The award was given for a battery-based energy storage-as-transmission pilot project deployed in Lithuania by Litgrid and supplied with Fluence's Gridstack (TM) grid-scale energy storage product.

What is energy storage news?

Energy-Storage.news offers a full news servicealong with in-depth analysis on important topics and industry developments, covering notable projects, business models, policies and regulations, technical innovations and more. The website, from the makers of PV Tech, is an essential tool for anyone within the energy storage value chain.

What is the Lithuanian energy storage pilot project?

The pilot project's successful completion has been followed by the ongoing rollout of four 50 MW / 50 MWh energy storage projects in Lithuania with a combined rated output and capacity of 200 MW / 200 MWh at substations in Vilnius, Alytus, Utena, and Siauliai.

Why should you attend a storage Conference?

Unlike other storage conferences, proceeds from the event help to fund high quality journalism across our media titles. Energy-Storage.news offers a full news service along with in-depth analysis on important topics and industry developments, covering notable projects, business models, policies and regulations, technical innovations and more.

At the award ceremony that night, Topband, with its innovative achievements and technological advantages in the field of energy storage, stood out from hundreds of ...

Solarpro, a leading technological provider of solutions for the generation and storage of energy in Europe, part of Renalfa Solarpro Group GmbH, was awarded the Best EU Project Under ...

2 ???· SOFIA, BULGARIA, November 27, 2024 /EINPresswire / -- Solarpro, a leading technological provider of solutions for the generation and storage of energy in Europe, was ...

System Integrator of the Year . Winner: Fluence. Highly commended: TrinaStorage. Formed in 2017 but built on more than a decade of work in energy storage by AES and Siemens, the former joint venture partners ...

We Are Pleased to Announce Our Shortlist! View the 2024 Winners. Sungrow, a global leader in renewable energy technology, has pioneered sustainable power solutions for over 27 years. As of June 2024, Sungrow has installed 605 GW ...
