We power the world with green energy! Our mission is to develop renewable energy sources, which contribute to protecting the environment and supporting economic recovery on all of our markets. We are a reliable company, basing our expansion and value growth on the principles of sustainable development.

Today, the Deputy Prime Minister of New Zealand, Rt Hon. Winston Peters is here to break ground on what will become a cornerstone of Niue's renewable energy infrastructure. The new power station, funded through contributions from both Australia and New Zealand, is slated for completion and commissioning by mid-September.

New Zealand plans to invest \$20.5 million into a new, large-scale, renewable energy project in Niue, reducing the island nation's reliance on diesel. The project will bring ...

New Zealand plans to invest \$20.5 million into a new, large-scale, renewable energy project in Niue, reducing the island nation's reliance on diesel. The project will bring Niue's renewable generation to 80 percent.

Chapman said that this project will also help Niue Power achieve part of the goal of 60% renewable energy by the end of the current Strategic Plan, 2026.
