

Omani certified company providing integrated engineering solutions for solar and renewable energy generation systems for commercial, residential and industrial purposes with a deep understanding and real experience in the Oman market since 2013

We have invested in and developed Oman's first and only PV Solar Plant feeding power to a public grid. We, along with our select partners, can design, build, commission and maintain efficient solar energy infrastructure from the ground up, helping our clients meet growing needs for clean and sustainable power.

La empresa Oman Power Water Procurement (OPWP) anunció planes en 2020 para adjudicar dos proyectos de energía solar fotovoltaica, Manah I y II, con una capacidad de alrededor de 1000 MW a desarrolladores privados.

List of Omani solar panel installers - showing companies in Oman that undertake solar panel installation, including rooftop and standalone solar systems.

Lista de instaladores Omaní de paneles solares - muestra empresas en Oman que emprendieron la instalación de paneles solares, incluyendo sistemas solares autónomos y de techo.

De los 12.518 sistemas fotovoltaicos instalados bajo medición neta (hasta 40 kW) el año pasado, 4.158 se conectaron a la red de PGE, mientras que Tauron, Enea y Energa ...
