

Philippines rezolv energy

Who is rezolv energy?

Rezolv is a highly experienced, independent renewable energy producer. 2024 Rezolv Energy. All rights reserved Rezolv is a highly experienced, independent renewable energy producer building a multi-gigawatt portfolio including wind, solar and battery storage that delivers clean energy across Central and South Eastern Europe.

What is rezolv & how does it work?

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

Who will benefit from rezolv?

This will include supermarkets, breweries, telecoms and other large businesses. Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies.

What makes rezolv energy unique?

We already have over 2GW of clean energy being prepared for construction across across four sites in Romania and Bulgaria, and a strong pipeline of projects in development across several countries. At Rezolv Energy our values are the essence of our identity, guiding our actions and driving our commitment to a clean energy future.

Why should you invest in rezolv?

With long-term, committed investment from Actis, one of the world's most respected energy investors, we have a pipeline of over 2GW in large-scale wind and solar energy projects. Rezolv is led by a highly experienced team with decades of combined experience

When will rezolv be built?

Construction contracts are expected to be awarded early next year, with the projects expected to be operational by 2025-26. Rezolv is built on 15 years of clean energy heritage in the region.
