Powered by GE's HA combined cycle equipment, Guernsey Power Station can deliver the equivalent electricity needed to power approximately 1.4 million US homes within the PJM ...

Guernsey Electricity is hosting five hour-long, free of charge, guided tours at the facility, external. It said it hopes to "help islanders understand the work of the local utility as it...

Powered by GE's HA combined cycle equipment, Guernsey Power Station can deliver the equivalent electricity needed to power approximately 1.4 million US homes within the PJM Energy Market, which coordinates the movement of wholesale electricity in all or parts of 13 states and the District of Columbia, including Ohio.

Guernsey Electricity are laying a new 33kV cable 6.5 km across the Island, connecting two substations from the North of the Island to the critical infrastructure of the Princess Elizabeth hospital. Supporting the upgrade of electrical infrastructure for the PEH and the network supplying the South of Guernsey.

Our subsea cable is Guernsey's primary source of electricity and has delivered a 37.5% decrease in Guernsey's emissions from 1990 levels. But we still have some way to go before Guernsey is net zero.

Guernsey Electricity is hosting five hour-long, free of charge, guided tours at the facility. It said it hopes to "help islanders understand the work of the local utility as it powers the...

Guernsey Electricity (GEL) said it was open to moving the power station from The Bridge to Longue Hougue. The move was suggested by the island's Chief Minister, Deputy Peter Ferbrache, during a...

Guernsey Electricity said upgrades to the control systems were part of a multimillion-pound project of planned investment at Vale Power Station. It said it was "making use of the lower demand"...
