

Ranking of Photovoltaic New Energy Panel Manufacturers

What are the top solar panel manufacturers?

The top global solar panel manufacturers, based on their scale, include companies such as TW-Solar, JA Solar, AIKO, and others - these manufacturers ship a large number of solar products around the world each year.

Who are the top solar companies in the world?

In August 2023, Tongwei Group made history as the first solar PV company on the Fortune Global 500 list, and is currently the only solar company on the global list (as of March 2024). The top seven global solar panel manufacturers are mostly (though not exclusively) Chinese.

Who makes the most efficient solar panels?

The third largest solar panel manufacturer is Shanghai AIKO Energy Co. Ltd., which exported 30.7GWp of solar modules in 2022. AIKO's sleek black N-type ABC (All Back Contact) monocrystalline glass modules have been consistently ranked as the world's most efficient panels (at 24% efficiency) since their launch in March 2023.

How many solar PV module manufacturers are there?

Wood Mackenzie has released a comprehensive ranking of global solar PV module manufacturers based on a unique scoring criteria. We evaluated more than 30 solar PV module manufacturers based on vendor surveys, public filings, proprietary databases and dozens of conversations with manufacturers.

Who is the largest solar panel manufacturer in the world?

Tongwei Solar (TW-Solar) is the largest solar panel manufacturer in the world. TW-Solar shipped a whopping 38.1GW of solar modules in 2022, doubling Trina Solar's shipments and achieving an annual revenue of USD \$20.57 billion (£16.2 billion). In August 2023, Tongwei Group made history as the first solar PV company on the Fortune Global 500 list.

Who are the top 20 solar module manufacturers?

The module shipments of the top 20 manufacturers increased by more than 50% year-on-year, of which the shipments of the top four accounted for 59.95% of the total shipments of the top 20. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as previous year.

What is the Bloomberg Tier 1 ranking?. The Bloomberg Tier 1 ranking is a classification system for photovoltaic module manufacturers, created to indicate to banks and investors the most ...

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has

Ranking of Photovoltaic New Energy Panel Manufacturers

been crowned the top solar panel brand for the second year in a row! Details ...

SolarReviews, a US-based independent comparison website for solar panel brands and installations, has released its first solar manufacturer ranking system. Here are the ...

First Solar Ohio-based First Solar is the largest manufacturer of solar panels in the U.S., producing about 50% more panels than the next-biggest American-made brand. The ...
