

Rock Solar Support

How do I claim the warranty on my Rock solar power station?

To claim the warranty, please contact our customer service team at support@rocksolars.com with the necessary details such as your proof of purchase and a description of the issue. Can I charge my ROCKSOLAR portable power station using solar power? Yes, ROCKSOLAR power stations can be charged using compatible solar panels.

Can rocksolar power stations be charged using solar panels?

Yes, ROCKSOLAR power stations can be charged using compatible solar panels. The charging time will depend on the strength of sunlight and the wattage of the solar panel. My ROCKSOLAR portable power station is not turning on, what should I do? Please ensure your power station has enough charge.

Are rocksolar power stations waterproof?

ROCKSOLAR power stations are not waterproof and should be kept dry. If your power station gets wet, switch it off and let it dry completely before attempting to use it again. Contact customer support if you encounter any issues. Does my ROCKSOLAR portable power station come with a warranty?

What is a rocksolar portable power station?

ROCKSOLAR portable power stations are compact, lightweight, and designed to provide electricity that's reliable and convenient to carry around. How long does it take to fully charge a ROCKSOLAR portable power station? The charging time for a ROCKSOLAR power station can vary depending on the model and the power source.
