

Savant power system The Netherlands

What is savant power systems?

Introducing a family of smart energy products that will change the way you think about power in your home. Scalable Savant Power Systems paired with the Savant Pro app, delivers you full control over time-of-use pricing, off-grid energy independence, and backup power sources including automatic generators. Savant Power Systems make it all easier.

What is Savant Systems?

Savant Systems is a renowned leader in luxury home control and automation since 2005. They offer a professional technology that seamlessly integrates climate, lighting, entertainment, and energy control into one user-friendly interface, which is available through iOS and Android.

Why do you need a savant power module?

If your home has an automatic generator or battery storage, Savant Power Modules allow you to tailor the circuits being powered during a grid outage, because the real critical loads are the ones you need right now. Back up your home power with robust and reliable solar inverter and battery storage solutions from Savant.

What is a savant level 2 EV charger?

Stunning and powerful, the Savant Level 2 EV Charger is beautifully designed, rain tight, and feature rich. Convenient and rapid at-home charging for your electric vehicle that also lets you monitor energy consumption trends, manage power, and more right from the Savant app.

Does Savant offer a personal smart home consultation?

Savant now offers personal smart home consultations to help you start your project quickly and smoothly. All we need is your contact info and some details on what you are interested in so we can match you up with the perfect Savant install consultant. Do you have Savant in your home already?

The Savant Power System is designed to help you manage your power using pre-configured energy modes and energy scenes. Energy Modes can be triggered automatically based on system conditions, like a grid outage, or manually engaged using the Savant app, like when the grid is up but you want to avoid peak usage rates.

Savant Power Systems deliver visibility into energy production and consumption, help weather power outages, offset peak utility rates when on the grid, and optimize energy usage when off the grid. With the Savant app's

Savant power system The Netherlands

award-winning user experience, personalized control over every circuit in your home is in your hands.

Flexible to manage all incoming power sources, and delivering a true whole-home solution, the Power Storage 20 optimizes the home's power and allows for advanced peak shaving/shifting and time-of-use mitigation through its unique Eco Mode. Every Power Storage 20 comes equipped with a native load management platform.
