

Solar in Bermuda

BE Solar is Bermuda's most established solar and energy efficiency company. The company provides the most compelling investment opportunities for increasing the value of your home by implementing energy savings and ...

BE Solar offers the best in solar electricity systems for Bermuda's harsh climate. We carry modular, completely integrated systems that are designed to expand with your growing needs or repair and replace over time.

From residential and commercial solar systems, to large backup battery solutions, to providing charities with funding to deploy solar, we have implemented hundreds of custom designed solutions around the island. Let us know if you have a specific project or idea in mind. We'll help you make a sensible investment.

BE Solar is Bermuda's most established solar and energy efficiency company. The company provides the most compelling investment opportunities for increasing the value of your home by implementing energy savings and installing solar photovoltaic (PV) electrical systems.

A solar electricity system installed by BE Solar can provide clean power for up to 75% less than current electricity rates. Our team provides the most robust and highest quality solar panels, with safe and reliable microinverters and tough, leak-free attachments that are designed to withstand the unique environmental conditions of Bermuda.

Bermuda's Road to Clean Mobility and Energy. Bermuda has committed to 85 percent renewable energy by 2035. To achieve this, the nation has committed to 21 MW of solar, 60 MW of wind, and 100 percent electric public transport by 2030* -- reducing harmful emissions, slashing energy costs, and increasing local resilience.
