Solomon Islands, [7] also known simply as the Solomons, [8] is an island country consisting of six major islands and over 900 smaller islands in Melanesia, part of Oceania, to the northeast of ...

Solomon Islands innargi a s

Før Innargi var alle geotermiske projekter engangsforanstaltninger. Ved at industrialisere geotermisk opvarmning nedbringer vi både omkostningerne og udnytter læringseffekten. 30 års pålidelig varme. Vi driver anlægget i 30 år og garanterer varmetilgængelighed og ydeevne, når det er i gang. Da den geotermiske energi udgør grundlasten ...

Before Innargi, all geothermal projects were one-offs. By industrializing geothermal heating, we are both driving down costs and leveraging the learning effect. ... The placement and integration of the plant(s) that will be built in a specific area can be determined in close dialogue and consultation with the municipality, architects and local ...

Innargi has entered an agreement with Kredsløb (The district heating utility company for Aarhus Municipality) to develop and operate EU's largest geothermal heating plant. The first exploration wells will be drilled 2023, and in 2025 the plant can start supplying the ...

Before Innargi, all geothermal projects were one-offs. By industrializing geothermal heating, we are both driving down costs and leveraging the learning effect. 30 years of dependable heat

Innargi kan bidrage ved at opvarme millioner af boliger i byområder bæredygtigt ved at anvende geotermisk energi. Sol og vind har allerede transformeret den måde, vi producerer energi på. ...

Fjernvarme Horsens A/S og Innargi A/S har indgået aftale om at undersøge mulighederne for at etablere geotermi til fjernvarme. Fjernvarme Horsens har brug for varmen til den voksende kreds af kunder, og Innargi har en ...

Innargi is a geothermal heating company, aiming to heat millions of urban homes while leaving zero impact on our planet. Geothermal energy is a large renewable energy source originating from the Earth's interior.

Innargi er grundlagt i 2017 af A.P. Møller Holding med det formål at undersøge, om kompetencerne fra mange år inden for olie og gas kunne bidrage til at udnytte potentialet for geotermisk energi til fjernvarme. I dag ejes Innargi i fællesskab af ATP (Danmarks største pensionsselskab), NRGi (kundejet forsyningsselskab) og A.P. Møller ...

Kredsløb and Innargi has entered a 30 year agreement on the development and operation of the heating plant. The project kicked off in November 2023 with drilling the first of 17 wells, expected to deliver the first heat in 2025.

Unser Team verfügt über langjährige Erfahrung in der Planung, Durchführung und dem Betrieb komplexer Projekte im Untergrund. Mit der gebündelten Expertise, dem Wissen von Geologen, Lagerstätten-, Anlagen- und Bohringenieuren aus der Ölindustrie und unserer Partnerschaft mit lokalen Fernwärmeexperten sind wir in der einzigartigen Position, ehrgeizige Pläne in echte ...

Innargi was founded in 2017 by A.P. Moller Holding in order to examine whether competences from many years in oil and gas could help unlock the potential of geothermal energy for district heating. Today, Innargi is jointly owned by ATP ...

Innargi samarbejder med Kredsløb om at bringe geotermisk fjernvarme til Aarhus. Det samlede anlæg bliver EU's største af sin slags, når det står færdigt i 2030. I alt skal anlægget bestå af syv mindre anlæg på syv forskellige lokationer i Aarhus. Kredsløb og Innargi har indgået en 30-årig aftale om udvikling og drift af anlægget.

Please send your application to HR at HR@innargi . For questions or more information about the position, please contact Chief Project Maturation Officer, Torben Krarup, at Torben.Krarup@innargi or + 45 31 75 94 74 For information about the recruitment process, please reach out to HR at HR@innargi .

Innargi kan bidrage ved at opvarme millioner af boliger i byområder bæredygtigt ved at anvende geotermisk energi. Sol og vind har allerede transformeret den måde, vi producerer energi på. Hvad disse teknologier har gjort for elektricitet, kan geotermisk energi gøre for fjernvarme.
