

# Spain top utility scale solar developers

Who is the best solar PV developer in the world?

With a total capacity of 41.3GW, TotalEnergies became the top solar PV developer in the world based on its operational, under-construction, and power purchase agreement (PPA)-contracted projects. India-based renewable energy developer Adani Green Energy ranked second with 18.1GW, followed by Canada-based Brookfield Renewable Partners with 18GW.

Is solar energy a renewable resource in Spain?

Although wind is currently the most used renewable resource in the Mediterranean country, solar energy is growing at a very fast pace. In fact, the solar capacity installed has more than quintupled in the last five years. In 2023, Spain was the sixth country worldwide in terms of new capacity additions.

Which solar companies have the most operational solar capacity?

Regarding the top developers with the most operational large-scale solar capacity, TotalEnergies topped the list again with a capacity of 12GW. Italian energy company Enel's renewables arm Enel Green Power was the second-largest company in terms of operational capacity with 9.2GW, followed by Adani Green Energy with 7GW.

Are French Solar Contractors a good choice?

"The prominence of French contractors is impressive", says Wiki-Solar founder Philip Wolfe, given that their home country is not in the top ten utility-scale solar markets". Eiffage and Equans (part of Bouygues) are ranked #3 and #10 respectively, thanks to projects not only in France, but also Spain, the UK and other parts of the world.

Who are the top solar companies in the world?

"If you're not American, Indian, Spanish or German; you're finding it hard to get onto the list," says Wiki-Solar founder Philip Wolfe, "The only three others in the top 20 are France's Bouygues, Norwegian Scatec and Biosar from Greece." Even in the top 30, the only other interlopers are Eiffage, Canadian Solar, Metka-Egn and RES Group.

Which solar companies have the highest PPA capacity?

Lightsource bp, Canadian Solar and Brookfield Renewable Partners were the top three companies with the highest operational, under-construction, and PPA-contracted capacities. French energy giant TotalEnergies is the top solar developer, according to research firm Mercom Capital Group's latest report.
