

Spear power systems Jordan

Spear Power Systems designs and manufactures safe, reliable lithium-ion battery storage systems for demanding applications including defense, marine propulsion, oil & gas, and mining. The company has a wide range of energy storage systems suited to meet any demand.

At Spear Power Systems, an ISO9001 and AS9100 certified company, we are more than a lithium-ion battery systems manufacturer. We are pioneers in advanced energy storage solutions, creating products that excel in performance, reliability, and ...

Spear Power Systems leads in sustainable tech with amazing batteries, as featured in StartUp City Magazine. Read about their commitment to a greener future. Technologies. Batteries. Service Request. Cells. About Us. Careers. News. Search +1 (816)-237-5007. Technologies; Batteries. Service Request; Cells; About Us ...

Emerald Technology Ventures, a global climate tech venture capital firm, today announced that its portfolio company, Spear Power Systems has entered into an agreement to be acquired by Sensata Technologies.

Spear Power Systems provides lithium-ion based battery management systems for industrial, marine, and defence purposes. The battery management system comes with power electronics which can provide voltages up to 1250VDC and thermal management systems which can work in high external temperatures.

At Spear Power Systems, we specialize in designing and manufacturing custom energy storage systems with a focus on lithium-ion battery technology, engineered for harsh environments and mission-critical applications.

Sensata Technologies, an industrial technology company and provider of sensor-rich solutions and insights for customers, has announced the acquisition of Spear Power Systems, a provider of lithium-ion based energy storage solutions for mission-critical and demanding end user applications.

Spear Power Systems develops next generation scalable lithium-ion battery storage systems for demanding land, sea and air applications. Spear Power Systems" energy ...

GRANDVIEW, Mo., September 23rd, 2019 - Spear Power Systems, Inc. (Spear) raised growth capital from a global syndicate of advanced energy investors to fund expansion of the battery maker"s global footprint, production capacity, ...

About Spear Power Systems, Inc.: Founded in 2013 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage systems (ESS) for clients with some of the world"s most demanding marine, industrial, and defense applications.
