

BASSETERRE, SAINT KITTS (Press Secretary): The Government of Saint Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have executed an Amended Power Purchase Agreement (PPA) with project developer SOLEC Power Ltd for the largest solar PV and battery energy storage project in the Caribbean.

On successful completion of this fully integrated solar photovoltaic system and a lithium-ion battery energy storage system (BESS), the facility will supply Saint Kitts with 30% to 35% of consumers' annual electricity demand by utilizing sustainable and renewable solar energy with ZERO carbon emissions.

1 ??&#0183; "The findings revealed important aspects of the agreement that were unfavorable to SKELEC and, by extension, the Government and people of St. Kitts & Nevis. These findings prompted the renegotiation of the PPA to achieve, among other things, (1) a reduction in the Power Purchase Price, (2) an opportunity for local private sector investment in ...

BASSETERRE, ST KITTS, 9 December 2024 (PMO) -- The Government of St. Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have terminated the ...

How the island rose to become the world's leader in sugarcane cultivation, an inspiration for the industrial revolution in the process. About St. Kitts and Nevis Useful Links

The solar PV will supply St. Kitts with 30 - 35% of the annual electricity demand utilising sustainable, solar energy with zero emissions. The solar and storage system will replace over 4,000,000 gallons of diesel per year.

1 ??&#0183; "The findings revealed important aspects of the agreement that were unfavorable to SKELEC and, by extension, the Government and people of St. Kitts & Nevis. These findings ...

This document presents St. Kitts and Nevis' Energy Report Card (ERC) for 2021. The ERC provides an overview of the energy sector performance in St. Kitts and Nevis. The . ERC also includes energy efficiency, technical assistance, workforce, training and capacity . building information, subject to the availability of data.

This is the Energy Report Card (ERC) for 2022 for St. Kitts and Nevis. The ERC provides an overview of the energy sector performance, highlighting the following areas: o Installed Conventional and Renewable Power Generation Capacity
