

# Staco energy products company Dominican Republic

Who is Staco energy?

Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world. In an industry where companies come and go, Staco Energy continues to provide the reliability and continuity you need. We support products we made three months ago, we support products we made thirty years ago.

Is Staco energy still in use?

And yes, they are still in use all over the world. Staco Energy is a wholly owned subsidiary of the Components Corporation of America (CCA) located in Dallas, Texas. CCA is a privately held corporation and is currently seeking acquisition of companies and product lines.

Who was Cary Hocker & what did he do for Staco energy?

Cary passed away on August 10, 2021. He formed Components Corporation of America and was instrumental in the purchase of Staco Energy Products. His leadership was an inspiration to all of us and we will forever be grateful. With Nicole's departure, I am promoting Alex Hocker to Plant Accountant for Staco Energy.

When did Greg join Staco?

Greg originally joined the Staco team in August of 2021 and as part of his military career, he was deployed to Syria in August of 2022. We are happy that Greg has returned home safely and will be re-joining the Staco team as the Inventory Specialist on Monday, 10/30/23. Greg will report to James Cashman.

Who is Staco's new drafter/detailer Tylor Cefalu?

Anna comes to Staco from Luxfer Magtech where she was the Sales Operations Manager. She has experience in sales funnel management, Salesforce Admin, implementing and maintaining sales dashboards, and was part of the SAP implementation team. All, Please join me in welcoming Tylor Cefalu to Staco as the new Drafter/Detailer, effective August 14th.
